Dear Sir/Madam,

We are glad to inform you that our M8 connector has been upgraded into hexagonal screw/nut. The upgraded screw/nut makes its installment more conveniently.

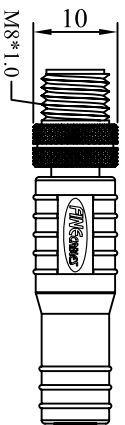

Please kindly be noted that we will apply to the M8 connector with hexagonal screw/nut immediately for any new projects or orders. Please find the improvement details on below separate pages.

Thanks and have a great day.

Best Regards,
Dongguan Finecables Co., Ltd

变更前 Old Version
