## M12 Molded Cable

<https://www.finecables.com/m12-molded-cable-d-coded/1853/>

Product description	M12 D-coding Male Straight Connector, Molded Cable, Unshielded, Contacts: 4, IP67/IP68/IP69K
Part no.	MA12MDHD04ST

### Illustration

### Scale drawing

**You can find the assembly instructions on the next page.**

### General features

Part no.	<b>MA12MDHD04ST</b>
Standard	IEC 61076-2-101
Ambient temperature	-25°C ~ +85°C (flexible installation)
Ambient temperature	-40°C ~ +85°C (fixed installation)
IP rating	IP67, IP68, IP69K in locked condition
Mating endurance	>500 cycles

### Electrical parameters

Insulation resistance	$\geq 100\text{M}\Omega$
Contact resistance	$\leq 5\text{m}\Omega$
Shielding	Unavailable
Transmission characteristics	CAT5e
Rated current	4A
Rated voltage	250V AC/DC
Wire gauge	0.34mm <sup>2</sup> (AWG22)

### Material

Connector insert	TPU
Connector contacts	Brass with gold plated
Connector overmold	TPU

Product description	M12 D-coding Male Straight Connector, Molded Cable, Unshielded, Contacts: 4, IP67/IP68/IP69K
Part no.	MA12MDHD04ST

Coupling nut/screw                      Zinc alloy with nickel plated

Seal/O-ring                                  FKM

## Security Notices

The connector must not be plugged or unplugged under load. Non-observance and improper use can result in personal injury.

The connectors have been developed for applications in plant engineering, control and electrical equipment construction. The user is responsible for checking whether the connectors can also be used in other areas of application.

Connectors which are used in circuits with voltages dangerous to the touch may only be installed and used by, or under the supervision of, persons with electrical engineering training, taking into account the applicable regulations and standards.

The user must take suitable safety precautions to ensure that the connector cannot be accidentally disconnected.

Please observe the pollution degree and the overvoltage category. For further information, please refer to the download center "Technical Information".
